DAHLE®
*Office Products & Equipment*

For over 88 years Dahle has established a reputation for developing the very best office products and equipment. Founded in 1930, Wilhelm Dahle first began producing steel cutting discs for pencil sharpeners. Throughout the years, Dahle's reputation and customer satisfaction has grown worldwide.

DAHLE®

About Dahle

Engineered and developed in Germany, the Dahle name is synonymous with quality and innovation. Dahle offers a complete range of cutting, art, and office products that exceed even the most serious demands for performance. All products are factory tested before release to ensure complete customer satisfaction. Using the strictest standards for quality and safety, each cutting edge is precision ground to provide the cleanest cut possible. Our alignment guides are carefully squared by hand to provide the accuracy our customers have come to expect from Dahle.
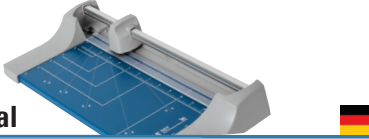

Whether you are trimming a single sheet of paper or a stack of 700, Dahle paper cutters will give you the results you desire. These precision trimmers have the ability to shave the tiniest sliver from your paper. Results of this caliber are made possible from over 88 years of experience.
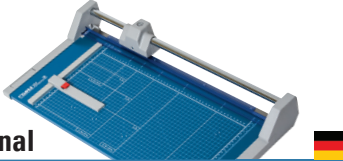

Dahle rolling trimmers are designed for safety and accuracy. They feature a ground, self-sharpening rotary blade that cuts in either direction. It's this sharpening action that helps the trimmer maintain a perfectly honed edge, and produce a clean, burr-free cut. An automatic clamp and carefully screened guides ensure accuracy.

Vantage® Cutting Mats

Protecting your work surface is the function of a cutting mat, but there's a lot more to Dahle's Vantage® Self-Healing Mats. These mats are self-healing and constructed using 5 layers of PVC plastic. It's this specialized formation of plastic that allows cuts to just disappear— which greatly prolongs the life of the mat.

B17 Long Arm Stapler

The Novus B17 is a unique stapler with an 11 ¾" reach. It features an adjustable depth guide to ensure you staple at the desired location each and every time. With the added ability of temporary pinning, the B17 is ideal for stapling across large documents, binding booklets, and everyday stapling. Max capacity up to 40 sheets.

Depth	Dimensions
11 ¾"	16 ½" x 2 ⅜" x 2 ¾"

Heavy Duty Staplers

Designed and developed in Germany, these rugged staplers are capable of continually stapling large quantities of paper with minimal effort. They feature an innovative Anti-Blocking System (ABS) which prevents the possibility of a staple jam. A depth guide and Automatic Bypass System is standard on all models.
