

DAHLE ROLLING TRIMMERS

PERSONAL SERIES

Rolling Trimmers are the new generation of paper cutters. Designed for safety and accuracy, the cutting blades are encased in a plastic housing that virtually eliminates the chance of personal injury. The rotary action of these trimmers allow the blade to cut in either direction and sharpen itself as it cuts. It's this self sharpening action that produces a clean burr-free cut and guarantees many years of smooth precise cutting.

Dahle's Personal Trimmers are lightweight and portable so they can be conveniently taken anywhere. These trimmers are equipped with a ground self-sharpening blade that cuts in either

direction and an automatic paper clamp to hold your work securely in place. With a cutting capacity of up to 7 sheets of paper at a time, this trimmer is perfect for cutting paper, card stock, and photo paper. Dahle Personal Rolling Trimmers are available in 12" and 18" cutting lengths and are a popular choice among photographers, craft enthusiasts and office professionals.

PERSONAL SERIES
